OCTOBER 2020

Thrive

**Building Resilience To Protect
Your Mental Health**

Mental health encompasses emotional, psychological, and social well-being. It affects everything from how we feel and think to how we interact with others and handle stress. Mental health issues can be caused by a variety of factors—something seemingly small like a night or two of poor sleep or something big and unexpected, such as the COVID-19 pandemic.

What Your Respiratory Symptoms Could Mean

Five Ways To Protect Your Hearing at Any Age

FROM A PATIENT'S PERSPECTIVE...

“Everything about my visit was top notch. From check-in through the audiology test, the level of service and quality care were second to none.”

~Elena S., SMG audiology patient
